

● PATIENT GROWTH SYSTEM

What If Your Practice Had a Referral System That **Consistently** Brought Qualified Patients?

ScaliniCAL helps healthcare practices build predictable referral systems by connecting them with the right referral partners, nurturing long-term relationships, and creating a consistent flow of qualified patient referrals, so your practice can focus on delivering exceptional care while we help drive sustainable growth.

200+

HEALTHCARE PRACTICES POWERED

9-Step

STRUCTURED RNS METHODOLOGY

0

EXTRA WORKLOAD FOR YOUR TEAM

Autopilot

CONTINUOUS PARTNER NURTURING

It's not a lack of **Medical Expertise**. It's the lack of a **referral system**.

Bad provider

Lost referral opportunities

No clear referral strategy

Relying on **luck**
instead of a system

More ad spend, lower results

No long-term
growth strategy

**A strong referral retention system keeps your practice
visible and creates a predictable flow of qualified
patient referrals.**

How Scalinical's Referral Nurturing System (RNS) Generates Referrals for Your Practice

A system designed to bring qualified patients to your practice **on autopilot**.

**We Don't
Rely On**

Extra ad
spend

Cold calling
patients

Spam
outreach

Expensive
marketing
campaigns

Unqualified
leads

One-time
referrals only

Chasing
patients
manually

Our Product: How Scalinical RNS Works

04

REFERRAL GROWTH EXPLAINER

Our proven 9-step system to help your practice get patients **on autopilot**.

RESULT:

More relationships

More referrals

More patients

Predictable growth

ONLY THE RIGHT PARTNERS. NEVER RANDOM OUTREACH.

Every Referral Partner Is Carefully Researched Before We Introduce Them to **Your Practice.**

Referral Qualification Process

- ✓ Specialty Match
- ✓ Geographic Match
- ✓ Referral Potential Assessment
- ✓ Practice Approval Before Activation

Research

We identify qualified referral partners.

Evaluate

We verify they're the right fit for your practice.

Approve

You choose who becomes part of your referral network.

From Unpredictable Growth to Patients on Autopilot

See the difference between traditional patient acquisition and **Scalinal's Referral Nurturing System**.

Before Scalinal RNS

- 
- ✗ Manual outreach
 - ✗ No referral performance tracking
 - ✗ Traditional word-of-mouth referrals only
 - ✗ High advertising costs
 - ✗ Spam marketing tactics
 - ✗ Inconsistent patient flow
 - ✗ Unpredictable revenue
 - ✗ Relying on luck for patient acquisition

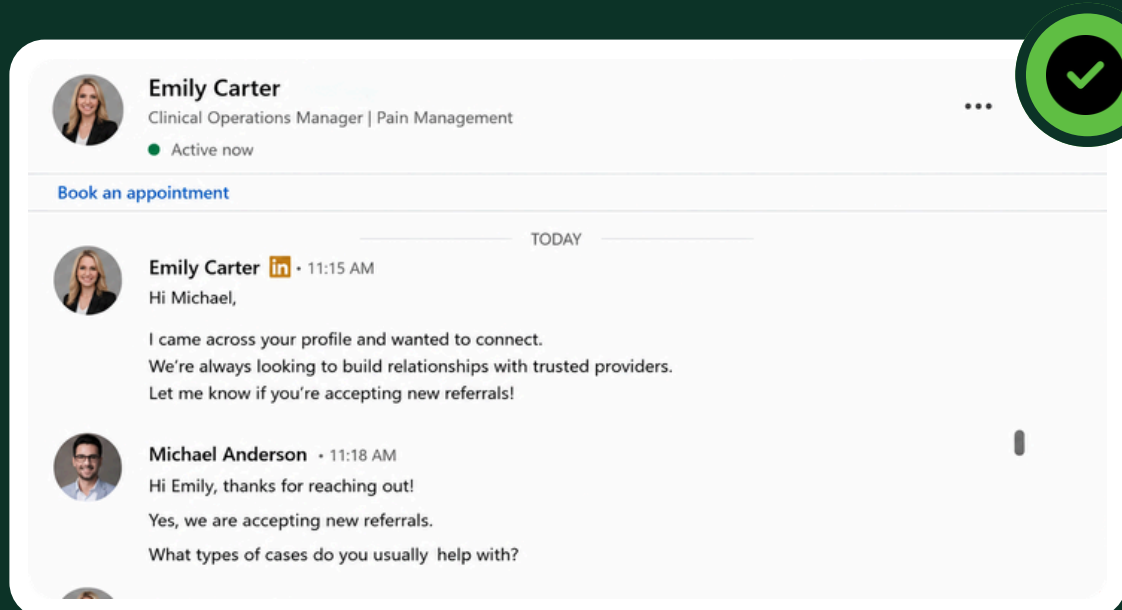

After Scalinal RNS

- 
- ✓ Automated referral nurturing
 - ✓ Referral performance tracking
 - ✓ Consistent referral partnerships
 - ✓ No Expensive Ad Campaigns
 - ✓ Relationship-based growth
 - ✓ Predictable patient flow
 - ✓ Sustainable long-term growth
 - ✓ Patients on autopilot through referrals

 VERIFIED CONVERSATION

Hi Michael,

I came across your profile and wanted to connect. We're always looking to build relationships with trusted providers. Let me know if you're accepting new referrals!

Michael Anderson • 11:18 AM
Hi Emily, thanks for reaching out!
Yes, we are accepting new referrals.
What types of cases do you usually help with?

Hi Dr. Lewis,

Just checking in case my earlier note got buried.

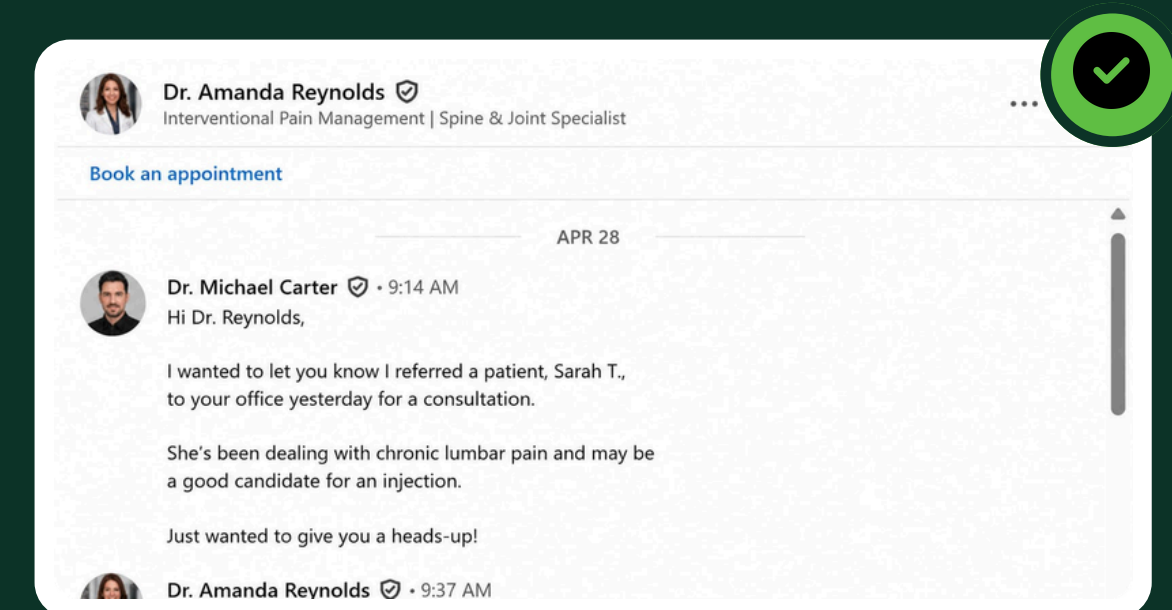

We recently expanded capacity and are currently accepting new behavioral health referrals.

Dr. Kevin Lewis • 10:38 AM
Thanks for following up.

We do occasionally refer patients who need ongoing mental health support.

Dr. Rachel Morgan

Dr. Michael Carter  • 9:14 AM
Hi Dr. Reynolds,

I wanted to let you know I referred a patient, Sarah T., to your office yesterday for a consultation.

She's been dealing with chronic lumbar pain and may be a good candidate for an injection.

Just wanted to give you a heads-up!
